

Cookies Policy

1. What are Cookies?

Cookies and other similar tracking technologies are small text files or code placed on your device (e.g. computer, smartphone or other electronic device) when you use our website or app or view a message. Cookies allow a website or app to recognise a particular device.

2. Our use of Cookies

We use cookies and other similar tracking technologies such as web beacons and single-pixel gifs on our website. These help us recognise you and your device and store some information about your preferences or past actions.

For example, we may monitor how many times you visit our website, which pages you go to, traffic data, location data and the originating domain name of your internet service provider. This information helps us to build a profile of our users. Some of this data will be aggregated or statistical, which means that we will not be able to identify you individually.

You can set your browser not to accept cookies and our websites below tell you how to remove cookies from your browser. However, some of our website features may not function as a result.

For further information on our use of cookies and other similar tracking technologies, including a detailed list of your information which we and others may collect through cookies, please see below.

3. What we use cookies for

We use cookies and other similar tracking technologies to:

1. obtain information about your preferences and use of our website;
2. carry out research and statistical analysis to help improve our content and services and to help us better understand our users' requirements; and
3. make your online experience more efficient and enjoyable.

4. Types of cookies

The cookies we place on your device fall into the following categories:

4. **Session cookies**—these allow our website to link your actions during a particular browser session. These expire each time you close your browser and do not remain on your device afterwards.
5. **Persistent cookies**—these are stored on your device in between browser sessions. These allow your preferences or actions across our website to be remembered. These will remain on your device until they expire, or you delete them from your cache.

6. **Strictly necessary cookies**—these cookies are essential for you to be able to navigate our website and use its features. Without these cookies, the services you have asked for could not be provided.
7. **Performance cookies**—these cookies collect information about how you use our website, e.g. which pages you go to most often. These cookies do not collect personally identifiable information about you. All information collected by these cookies is aggregated and anonymous, and is only used to improve how our website works.
8. **Functionality cookies**—these cookies allow our website to remember the choices you make (such as your user name, language, last action and search preferences) and provide enhanced, more personal features. The information collected by these cookies is anonymous and cannot track your browsing activity on other websites.

6. Consent to use cookies

We will ask for your permission (consent) to place cookies or other similar tracking technologies on your device, except where these are essential for us to provide you with a service that you have requested.

There is a notice on our home page which describes how we use cookies and requests your consent before we place any non-essential cookies on your device.

7. How to turn off cookies

If you do not want to accept cookies, you can change your browser settings so that cookies are not accepted. If you do this, please be aware that you may lose some of the functionality of our website.

To find out more about cookies, including how to see which cookies have been set and how to manage and delete them, you can visit the 3rd party website: www.allaboutcookies.org.

8. Updates to this Cookie Policy

We may update this Cookie Policy from time to time in order to reflect, for example, changes to the cookies we use or for other operational, legal or regulatory reasons.

The date at the bottom of this Cookie Policy indicates when it was last updated.

9. Contact

If you have questions or concerns regarding our use of cookies or other similar tracking technologies you can contact us at privacy@ivanyanco.hk.

This policy was last updated on: 19 January 2026.
